

WEBINAR

U.S. TR § 301 PROCEEDINGS & IMPLICATIONS FOR INDIA

MONDAY, JANUARY 25, 2021

 8.30 PM - 10 PM INDIA TIME | 7 AM WEST COAST & 10 AM EAST COAST

India introduced the **Equalisation Levy (EL)** as a unilateral measure to tax the digital economy. It quickly gained international attention with the US government initiating a Section 301 investigation under their Trade Act, 1974 on discrimination against US companies. A **US Trade Representative (USTR)** investigation report has identified the EL as “*unreasonable or discriminatory*” and is actionable under Section 301. It could potentially attract withdrawal of US trade concessions or duties on Indian exports.

In this webinar, we shall have a comprehensive discussion on the USTR proceedings, and its wide-ranging implications on India.
