

Update on the 1<sup>st</sup> edition of the European Region scholarship program on the topic of frontier workers

The paper by Hannelore Niesten was written under the auspices and financial support of the European Region of the International Fiscal Association (IFA) on the occasion of the second European Region Conference held in Milan on 19-20 May 2022 on the subject "*Mobility of work, capital, IP and business in a changing European tax environment*". The article benefits from the information provided to the author by the IFA National branches belonging to the European Region of IFA.

The European Region of IFA thanks the following sponsors which have contributed to the funding of the grant.
